70 Technical data

Da oltre 50 anni BODEMA è un'azienda italiana a conduzione familiare, oggi giunta alla seconda generazione. Un percorso in continua evoluzione, aperto a scenari e stili internazionali, ma da sempre caratterizzato da un modo unico e inconfondibile di ideare e realizzare divani, poltrone, letti, divani letto e complementi d'arredo.

Le collezioni e il cammino intrapreso riflettono con coerenza la filosofia aziendale: progettare arredi capaci di entrare in sintonia con la quotidianità di chi li vive, interpretando il presente e rimanendo sempre al passo con i tempi.

For over 50 years, BODEMA has been a family-owned Italian company, now in its second generation. A journey of continuous evolution, open to international influences and styles, yet always defined by a unique and unmistakable approach to designing and crafting sofas, armchairs, beds, sofa beds, and furnishings.

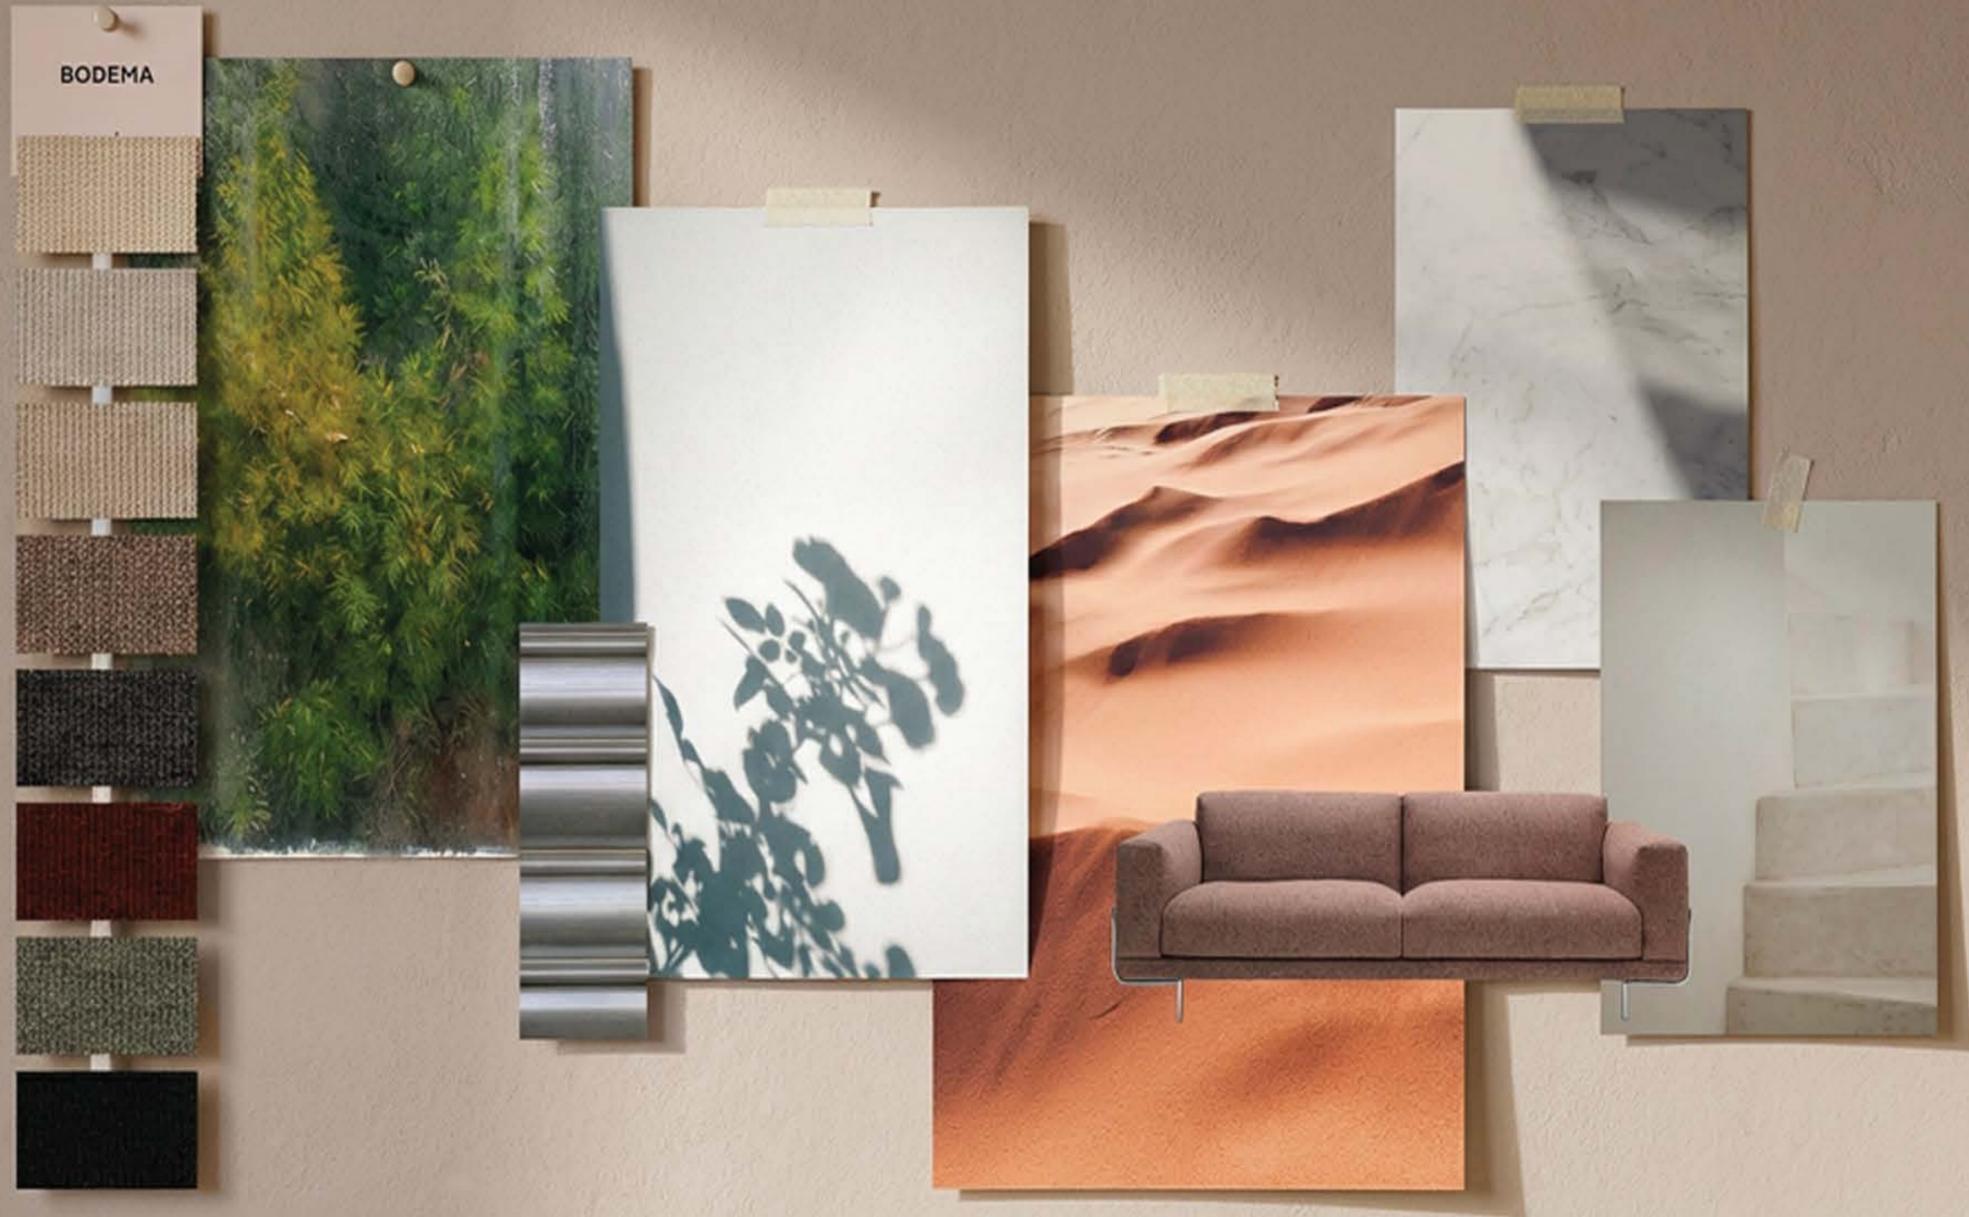

The collections and the path taken faithfully reflect the company's philosophy: to design furniture that resonates with the everyday lives of those who use it, remaining contemporary and always in step with the times.

# MATERIAL MATTERS

Fibre selezionate, trame profonde e nuance sofisticate raccontano una ricerca estetica che valorizza la materia e ne esalta la sensorialità.

Carefully selected fibres, deep textures, and refined nuances convey an aesthetic exploration that enhances the material and heightens its sensory experience.

La casa non è fatta solo di spazi, ma anche dei materiali che scegliamo di vivere ogni giorno. La **collezione novità Bodema** esplora il modo in cui la materia influenza il comfort, il carattere e la presenza. Il legno con le sue venature, il tessuto con la sua morbidezza, il metallo con la sua silenziosa precisione — ogni materiale porta con sé una storia, e ogni arredo diventa un punto d'incontro tra sensibilità e funzione. Al posto del rumore, il design privilegia chiarezza e calore. Nulla ha bisogno di dichiararsi ad alta voce; il piacere risiede nella prossimità, in come gli oggetti si sentono al tatto e nell'uso quotidiano.

I dettagli esistono per migliorare l'esperienza — una curva che accoglie il corpo, una texture che addolcisce il contatto, una finitura che diventa più bella con il passare del tempo. Artigianalità e tecnologia lavorano insieme, dando forma a oggetti pensati per durare, sia fisicamente che emotivamente. La bellezza, qui, è qualcosa da vivere, non da ammirare a distanza.

**Interior matters** è un invito a guardare più da vicino ciò che ci circonda: a dare valore allo spessore, al peso, alla morbidezza e alla texture — quelle qualità silenziose che rendono uno spazio autentico, accogliente e realmente vissuto.

Home is made not only of spaces, but of the materials we choose to live with every day. The **Bodema news collection** explores how matter influences comfort, character, and presence. Wood with its grain, fabric with its softness, metal with its quiet precision — each material carries a story, and each piece of furniture becomes a meeting point between sensibility and function. Instead of noise, the design focuses on clarity and warmth. Nothing needs to declare itself loudly; the pleasure lies in closeness, in how things feel in the hands and in daily use.

Details exist to improve experience — a curve that welcomes the body, a texture that softens contact, a finish that grows more beautiful over time. Craftsmanship and technology work together, giving shape to objects designed to last both physically and emotionally. Beauty, here, is something you live with, not something that asks to be admired from a distance.

**Interior matters** is an invitation to look more closely at what surrounds us: to value thickness, weight, softness, and texture — the quiet qualities that make a space feel real, welcoming, and truly lived-in.
