# **perspectives**

**Da più di 50 anni BODEMA è una realtà italiana a conduzione familiare, oggi alla seconda generazione; un percorso in continua evoluzione costantemente aperto a scenari e stili internazionali ma da sempre contraddistinto da un unico ed inconfondibile modo di ideare e costruire divani, poltrone, letti, divaniletto e complementi. Le collezioni ed il percorso intrapreso riflettono con coerenza la filosofia aziendale: disegnare arredi che risuonano nella quotidianità di chi li vive, sempre al passo coi tempi.**

**For nearly 50 years a family business, today in its second generation. An evolving path, open up to international scenarios. And a unique way, since then, to think and build sofas, armchairs, beds and sofabeds and furnishing complements. The collections and the path undertaken consistently reflect the company philosophy: designing furnitures that resonate in the daily lives of those living them, always in step with the times.**

**Nuove ed inedite proposte laddove ciascuna caratterizza e manifesta lo stile e le prerogative artistiche dei propri creatori. Giuseppe Manzoni, Umberto Asnago e Michele Mantovani hanno saputo interpretare, ognuno a proprio modo, la visione del living Bodema plasmando con coraggio e bravura oggetti diametralmente opposti ma profondamente complementari. Una crescita che accompagna l'azienda nella propria evoluzione da creatrice di prodotti a creatrice di immagine.**

**New and original ideas, each of which fully represent and express in a natural and distinctive way the style and artistic skills of their own creators, Giuseppe Manzoni, Umberto Asnago and Michele Mantovani, each of whom could perform in his personal way the view of Bodema Living and bravely and talented forge objects which are diametrically opposite but deeply complementary, a growth leading the Company in its own evolution from products creator to image creator.**

Il divano SOUND è progettato con curve morbide e forme asimmetriche che gli donano un aspetto scultoreo e al contempo rilassato.

SOUND sofa is designed with soft curves and asymmetrical shapes that confer a sculpturous yet relaxed look.

Il sistema di sedute MAN-GO è composto da morbidi elementi imbottiti senza spigoli e da cuscini ampi e soffici per il migliore dei comfort.

MAN-GO sofa system is made of soft padded elements without edges and wide and soft cushions for maximum comfort.

MILANO è un divano modulare caratterizzato da una silhouette classica e al contempo attuale.

MILANO is a modular sofa with a classic yet contemporary silhouette.

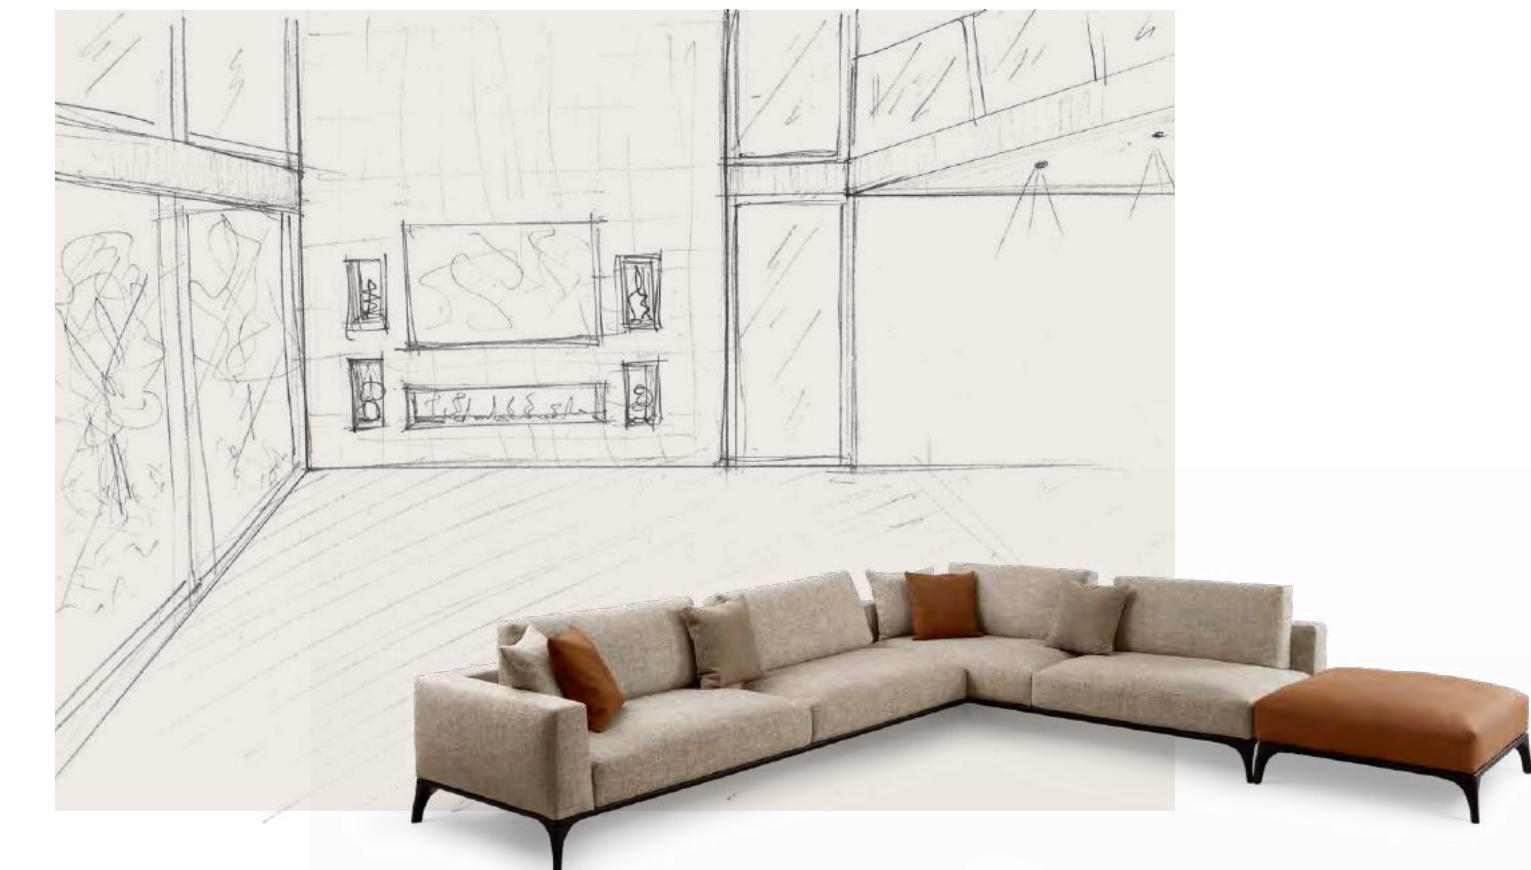

**Giuseppe Manzoni è un designer dal 1976. I suoi numerosi progetti includono ristrutturazioni, architetture e oggetti di design. Membro dell'ADI (Associazione per il Disegno Industriale), collabora con aziende nel mondo dell'arredo, dell'illuminazione, degli accessori. Gli oggetti che crea diventano protagonisti degli spazi che abitano perchè coniugano perfettamente il bello estetico con la propria fruibilità, mai semplici e scontati ma ricchi di carattere e dall'inconfondibile generosità di forme e sinuosità.**

**Giuseppe Manzoni has been a designer since 1976, his numerous projects include renovations, architecture and design projects. Member of A.D.I. (Association for Industrial Design), he is collaborating with furniture, lighting and accessories companies. The objects he designs are meant to be in the spotlight of the spaces they inhabit.**

**Giuseppe Manzoni** progetta un divano di ispirazione classica, ma rivisitato in chiave contemporanea. Si chiama Milano, e omaggia la città del design per eccellenza. Un programma di sedute sobrio e borghese come il nome che porta, dove il bello estetico è magnificamente completato con il proprio comfort. Così come tutti gli ambienti concepiti da Giuseppe Manzoni, una ricerca instancabile di materiali e finiture che pongono l'uomo al centro del proprio ambiente e non il viceversa.

**Giuseppe Manzoni** designed a sofa with a classic look, but revisited in a contemporary way. It is called Milano, and it pays tribute to the city of design par excellence. A seating program simple and middle-class like its own name, in this product the objective aesthetical beauty is magnificently complemented by its own comfort. As well as all the spaces conceived by Giuseppe Manzoni, a tireless search for materials and finishings that place man at the center of his space and not the other way around.

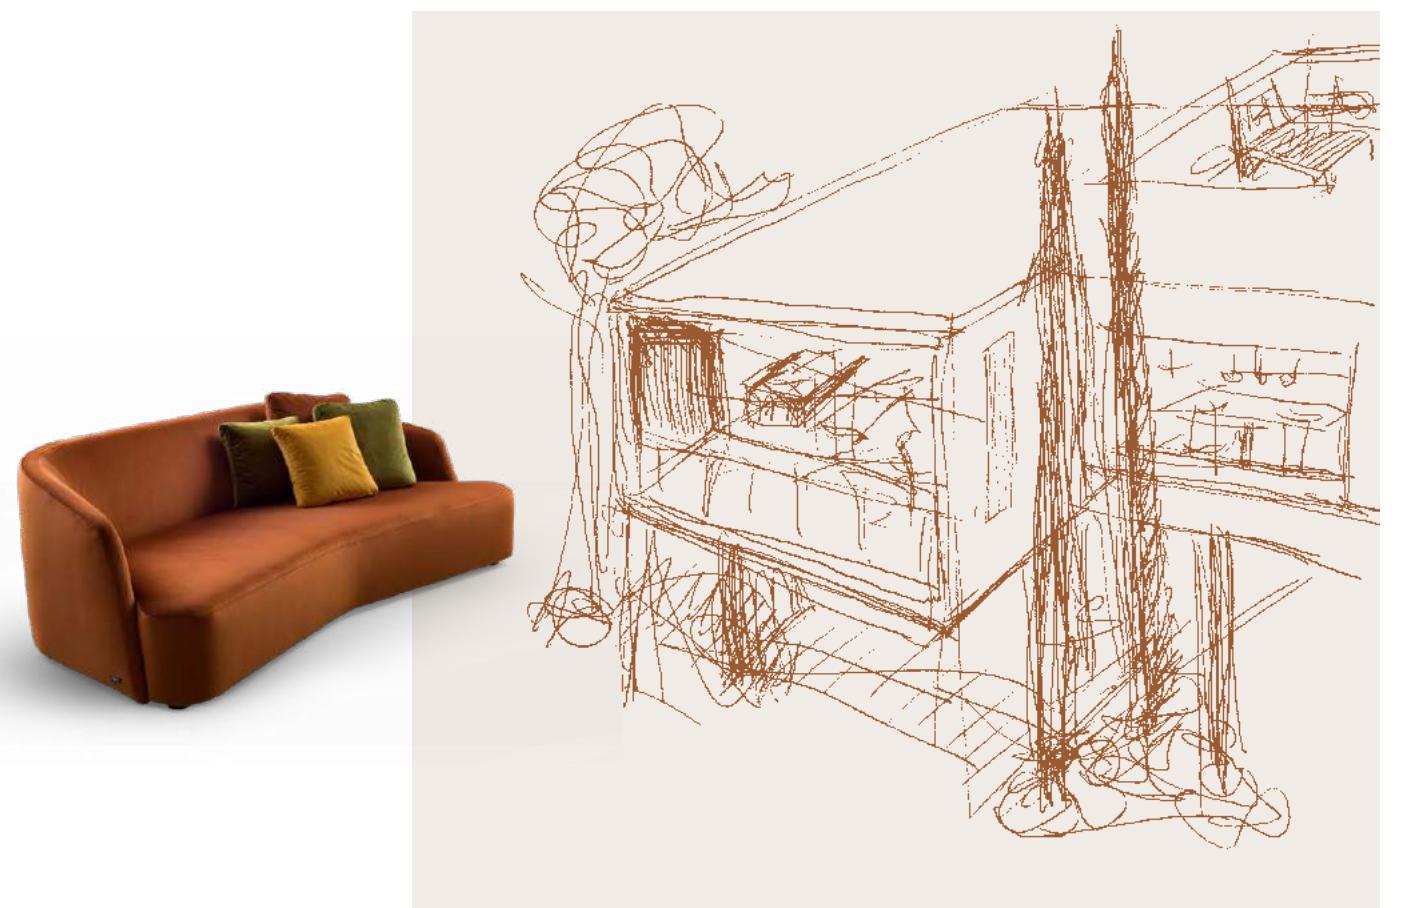

**Umberto Asnago si è diplomato all'Istituto d'Arte in Cantù (CO) e successivamente ha iniziato la sua esperienza come designer. I suoi progetti sono caratterizzati da linee semplici eppure sofisticate, attraverso una costante e maniacale raffinazione del dettaglio e del particolare, e dalla scelta di materiali preziosi che rendono immortali le sue creazioni. Questa visione si riflette nella sua casa ideale.**

**Umberto Asnago obtained his Diploma at the Istituto D'Arte in Cantù (CO) and he soon started his experience as designer. His projects are characterised by simple yet sophisticated lines and immortal creations with the use of precious materials. This vision si reflected in his ideal Home.**

Elementi imbottiti asimmetrici con linee tondeggianti, morbide e caratterizzati da sedute con diverse forme e dimensioni. Il risultato è una collezione identificabile e monolithica, quasi modellata nell'argilla. La casa di Umberto Asnago è concepita semplice, leggera, luminosa e priva di ogni "distrazione" estetica; l'attenzione è rivolta esclusivamente al prodotto ed alla persona che abitano la casa, che ne diventano re e regina incontrastati.

Padded asymmetrical elements with rounded and smooth lines characterized by seats of different shapes and dimensions. The result is an identifiable and monolithic collection, almost built in clay. Umberto Asnago's House is thought simple, light, bright and devoid of any aesthetical "distraction"; the attention is purely directed to the product and the person living in the House, who become its undisputed king and queen.

**Michele Mantovani Studio è uno studio di architettura, di design di interni e di prodotto basato a Barcellona dal 2014. Fondato con una vocazione sia locale che internazionale, lo studio gestisce e sviluppa progetti in Spagna, Italia, Stati Uniti e Cina.**

**Michele Mantovani Studio is an architecture, interior and furniture design studio based in Barcelona, Spain, since 2014. Founded with both local and international vocation, the studio manages and develops projects in Spain, Italy, the United States and China.**

Con Man-go Michele Mantovani crea un sistema versatile, gli elementi di sedute, schienali, braccioli e pouf creano composizioni che si integrano nello spazio circostante.

Tutti gli elementi progettati da Michele Mantovani si inseriscono perfettamente nella casa da lui progettata, quasi come se tutto ruotasse intorno a loro; il prodotto a prescindere da tutto, dai gusti e dai colori, filtrato e decontextualizzato da ogni area di gusto e latitudine.

With Man-go Michele Mantovani designed a versatile system. The elements of sitting, backrest, armrest and ottoman give origin to compositions that fit in the space surrounding them.

All the elements designed by Michele Mantovani fit perfectly in the house thought by himself, as if everything revolves around them; the product regardless of everything, of tastes and colors, filtered and decontextualized from every area of taste and latitude.
